Description

The Mobile Accommodation Solution (MAS) app is a first-of-its kind tool that helps employers and others manage workplace accommodation requests throughout the employment life-cycle. Using the app, employers can track the status of requests; access fillable forms; and store, print and export records that can be imported into enterprise information systems.

The MAS app was developed by West Virginia University's Center for Disability Inclusion in partnership with the Job Accommodation Network (JAN) and IBM; funding came from the National Institute on Disability, Independent Living and Rehabilitation Research.

Download the MAS app for [iOS](#) devices.

IS THE MAS APP FREE? Yes.
